*The following areas that your firm has been certified:*

***Professional Civil Engineering Services***

Certification is not a guarantee that your firm will receive work. Our bid hotline and website are valuable sources of information. Any change to your certification requires you to submit proof of expertise, licensure and a business history (at minimum) to justify the additional certification. You are required to submit a copy of your certification letter with each bid, or proposal that you submit to the School District. You must notify this office if the status of your firm changes. Failure to report changes that affect the ownership and control of your firm may result in decertification.
